<b>Description</b> (mon venv est en Django 1.8.18)  \$ ./manage.py makemigrations --dry-run Migrations for 'clicrdv': 0006_auto_20170519_1139.py: - Alter field log_level on clicrdv Migrations for 'datasources': 0005_auto_20170519_1139.py: - Remove field users from basedatasource - Remove field basedatasource_ptr from csvdatasource - Delete model BaseDataSource - Delete model CsvDataSource Migrations for 'family': 0008_auto_20170519_1139.py: - Alter field log_level on genericfamily Migrations for 'orange': 0005_auto_20170519_1139.py: - Alter field log_level on orangesmsgateway Migrations for 'csvdatasource': 0010_auto_20170519_1139.py: - Alter field log_level on csvdatasource Migrations for 'choosit': 0006_auto_20170519_1139.py: - Alter field log_level on choositregistergateway - Alter field default_country_code on choositsmsgateway - Alter field default_trunk_prefix on choositsmsgateway - Alter field key on choositsmsgateway - Alter field log_level on choositsmsgateway Migrations for 'base_adresse': 0012_auto_20170519_1139.py: - Alter field log_level on baseadresse Migrations for 'oxyd': 0006_auto_20170519_1139.py: - Alter field default_country_code on oxydsmsgateway - Alter field default_trunk_prefix on oxydsmsgateway - Alter field log_level on oxydsmsgateway - Alter field password on oxydsmsgateway - Alter field username on oxydsmsgateway Migrations for 'gdc': 0005_auto_20170519_1139.py: - Alter field log_level on gdc Migrations for 'mobyt': 0006_auto_20170519_1139.py: - Alter field default_country_code on mobytsmsgateway - Alter field default_trunk_prefix on mobytsmsgateway - Alter field log_level on mobytsmsgateway - Alter field password on mobytsmsgateway - Alter field quality on mobytsmsgateway - Alter field username on mobytsmsgateway Migrations for 'bdp': 0005_auto_20170519_1139.py:			

```
- Alter field log_level on bdp
Migrations for 'opengis':
  0002_auto_20170519_1139.py:
    - Alter field log_level on opengis
Migrations for 'ovh':
  0006_auto_20170519_1139.py:
    - Alter field account on ovhsmgateway
    - Alter field credit_left on ovhsmgateway
    - Alter field credit_threshold_alert on ovhsmgateway
    - Alter field default_country_code on ovhsmgateway
    - Alter field default_trunk_prefix on ovhsmgateway
    - Alter field log_level on ovhsmgateway
    - Alter field msg_class on ovhsmgateway
    - Alter field password on ovhsmgateway
    - Alter field username on ovhsmgateway
Migrations for 'pastell':
  0005_auto_20170519_1139.py:
    - Alter field log_level on pastell
```

On a raté quelque chose, ou c'est moi ?
